Re: Alaska Waste – Interior, LLC d/b/a Alaska Waste  
Residential Fuel Surcharge Filing

Dear Commissioners:

This tariff filing is transmitted to you by Alaska Waste – Interior, LLC d/b/a Alaska Waste (Alaska Waste) in compliance with the Alaska Public Utilities Regulatory Act and 3 AAC 48.200 – 3 AAC 48.430.

Alaska Waste, through its undersigned consultants, revises the following tariff sheet:

Tariff Sheet Number		Cancels Sheet Number		Schedule or Rule Number
Original	Revised	Original	Revised	
	50.1, 39 <sup>th</sup>		50.1, 38 <sup>th</sup>	Cost of Fuel Surcharge

With this filing, Alaska Waste requests adjustment to its residential fuel surcharge which applies to all residential refuse collection services including extra can and bag charges for the Fairbanks North Star Borough service area.

This filing results in an increase to the fuel surcharge percentage from the current (4.3740%) to (2.8690%). The reason for this change is the average cost of fuel increased from \$2,559 to \$2,563, the balancing account increased from (\$1,444) to (\$718), the annual revenues for the previous twelve months increased from \$193,442 to \$193,669 and the quarterly revenue increased from \$48,360 to \$48,417. The estimated quarterly revenues from the proposed fuel surcharge are approximately (\$1,389) and the estimated base cost of fuel included in the rates are approximately \$3,234 for a total of \$1,845. The surcharge will be applied to all current 290 Fairbanks North Star Borough residential customers. This filing will not result in the termination of an existing service, conflict with any other schedule or rate, or will not in any other way adversely affect customers, or the public.

Alaska Waste also submits the following attachments supporting its fuel surcharge calculation: Diesel fuel invoices for April 2019 through June 2019 (Attachment A), a residential truck list with unique identifiers for each truck (Attachment B), and calculations of average cost per gallon and general ledger balances for revenue and

diesel fuel expense accounts (Attachment C, submitted in Excel format). Alaska Waste is willing to provide additional documentation to support its calculations upon request.

This residential fuel surcharge filing does not include a new methodology or a new cost element therefore, per Letter Order L1400017, a publication notice is not required and Alaska Waste expects this tariff will go into effect for bills rendered on or after August 15, 2019.

Any inquiries regarding this filing should be addressed to the undersigned.

Sincerely,

Heather Garland, Pricing Analyst
